ENVIRONMENTAL SERVICES**

*A Carylon Company*

# PROVEN TRACK RECORD

**Metropolitan Environmental Services, Inc.**, works tirelessly to make sure your environmental processes and equipment are up to speed and within regulatory compliance. Whether we are performing planned maintenance or responding to an emergency, we have the expertise and the equipment to get the job done right, right when you need it.

## Extensive training, experienced supervision

With Metropolitan Environmental Services, you know who will be working on every project: the best of the best. Our extensive training program and experienced field supervision ensure that every job gets done right the first time – and every time.

Because when you're facing tough, gritty, real-world applications, you want a partner you can count on to deliver quality results.

## Guaranteed to get the job done right

As part of the Carylton family, Metropolitan Environmental Services has the resources and expertise to offer the best possible service available anywhere and back every project with a guarantee that is unmatched in the industry:

***“You must be completely satisfied or you pay absolutely nothing for our services.”***

## Local presence, national footprint

Metropolitan Environmental Services is headquartered in Hilliard, Ohio, with the ability to complete projects nationwide. Our local market presence also lets us leverage knowledge of relevant environmental issues so we can respond quicker to an infrastructure threat or emergency.

# BROAD RANGE OF SERVICES

It doesn't matter if your project calls for the use of one piece of equipment or multi-disciplinary crews and a fleet of specialized equipment. Metropolitan Environmental Services is uniquely positioned to work side-by-side with utilities, industrial companies and municipalities to deliver proven, scalable solutions.
